### Springfield S.C. Players Will Represent Region II ODP at Interregionals

Reid Harbach and Austin Hart have both been selected to attend the USYS ODP Interregionals in Orlando, FL December 26-30, 2009. They will participate with the 1994 Region II ODP Team. The team will face competition from the other three regions over the five day event. National team scouts, college coaches and professional coaches will be in attendance to view the matches.

The Interregionals are the first event for the 1994 Region II ODP Team since the player pool was chosen in July. After this event there will be other events for the 1994 team that the players may be chosen for as well based upon their upcoming performances.

“Congratulations Reid and Austin on making the ODP regional team. These two players are an example of what it takes to reach the next level, they work hard at every practice and also play hard in every game that I have coached them. It has been good to see their hard work and talent noticed by others.” said Carl Rose Boys Director of Coaching for the Springfield S.C.

The Springfield S.C. has produced other Region II ODP players in the past as Graham Basecke (Indiana University) and Heath Melugin (Missouri State) both represented the 1990 Region II ODP Team and Devon Newport (Saint Louis University) was with the 1991 Region II ODP Team. “Reid and Austin are the next players from a good track record of success by players from the Springfield Soccer Club within the Region II ODP system. It is a testament to the player and their families. It also says a lot about the type of soccer environment created by the Springfield Soccer Club that we continue to produce players from this area who can compete on the national level. No other organization in this part of the state has been able to duplicate that success.” said Jeremy Alumbaugh Director of Soccer Operations for the Springfield Soccer Club.
